1. What was your most recent mission statement prior to any revisions?

San Francisco State University Economics Dept. Mission Sept. 2015

Our mission is to provide the best possible education to students at San Francisco State University and to foster original intellectual growth through research.

2. Please describe the process of revising or developing your mission statement. What informed your discussions about your new or revised mission statement (e.g. changes in the profession, new focus of the department)? How were department faculty members involved? Was it developed in department meetings or other gatherings?

The Department is undergoing a 7th cycle Program review this year and in our self-study, we identified that the Sept 2015 version of the Department Mission and Vision needed further development. Through several department meetings and email communications, as well as collaborative editing done through Box, we came up with a revised mission statement.

3. What is your revised mission statement?

San Francisco State University Economics Department Mission
Amended October 6, 2017

Our mission is to prepare our students, through high quality teaching and research, to be engaged and informed citizens, and to contribute productively in their careers using knowledge learned during their study of Economics.

4. Please post your revised mission statement on your department web page.

This has been done. Please see http://cob.sfsu.edu/economics

5. Given that this year you revised your mission statement, the next step would be to review of your program learning goals in the 2018-19 academic year.

We worked on our program learning goals this year as well which we will submit this year as well.
