Mission Statement Annual Assessment Report

Department  School of Engineering  College  College of Science and Engineering

Degree Program(s)  Civil, Computer, Electrical, and Mechanical Engineering

Information about the purpose of mission statements and how to write them can be found on: http://air.sfsu.edu/assessment/resources along with some links to SFSU statements.

Mission Statement Rubric – developed and used by the University Academic Assessment Advisory Committee (UAAAC) to provide feedback to programs about their mission statement.

The program’s mission statement concisely articulates its guiding purpose and identity, clarifies the educational value of its curriculum, and aligns with the university’s broader public mission.

<tbody>
<tr>
<td>Clear statement of program’s purpose and identity, the educational value of curriculum, and its link to university’s mission</td>
<td>Mission statement articulates program’s purpose but may lack broader context</td>
<td>Vague mission statement with little connection to specific program</td>
<td>No mission statement</td>
</tr>
</tbody>
</table>

1. What was your most recent mission statement prior to any revisions?

The mission of the School of Engineering at SF State is to educate students, from a diverse and multicultural population, to become productive members of the engineering profession and society at large.

2. Please describe the process of revising or developing your mission statement. What informed your discussions about your new or revised mission statement (e.g. changes in the profession, new focus of the department)? How were department faculty members involved? Was it developed in department meetings or other gatherings?

The mission statement is revised based upon input from the School of Engineering’s constituents. These include the faculty, current students, alumni, employers, and industry representatives.

3. What is your revised mission statement?

The outcome of the review process was to retain the previous mission statement; no changes were made.

4. Please post your revised mission statement on your department web page.

The mission statement is posted on the School of Engineering website, here: http://engineering.sfsu.edu/mission_and_objectives/mission_and_objectives.html

Given that this year you revised your mission statement, the next step would be to review of your program learning goals in the 2018-19 academic year.
